

The City of Ripon recognizes people who have made significant contributions to the Ripon community by naming or renaming city streets in their honor.

Naming streets benefits the residents of the city by:

- creating a stronger sense of community,
- a sense of identity and place,
- a connection between present and past,
- enhancing a sense of history in the community by creating community role models; and
- communicating a sense of what the community values.

The City Council makes the decision to name or rename city streets. The process begins with a submittal of a nomination form to Historical Museum Commission of Ripon. The Commission then makes a recommendation to the Planning Commission and the City Council.

This form is provided so those individuals making a nomination provide background information on the person being nominated for the honor. Please answer the enclosed questions to the best of your knowledge. It will greatly help the Commissions and Council during their consideration of the nomination. Please feel free to attach additional materials you feel are appropriate (articles, publications, etc).
